PERFORMANCE WHEN IT COUNTS

DRIVING AUTOMOTIVE PERFORMANCE

Deltec sealed maintenance-free batteries are designed to excel in all passenger and light commercial vehicle applications. Produced in a state-of-the-art manufacturing facility, Deltec batteries are built with patented X-Frame technology and high-grade components for superior results.

Our Automotive range delivers consistent starting performance, high cranking power and a longer service life. Backed by quality and reliability, Deltec batteries are built to withstand even the harshest driving conditions in Australia.

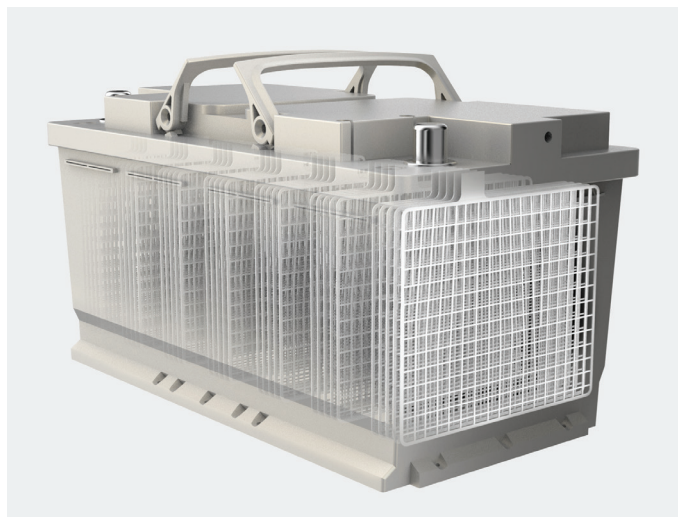

PROVEN PERFORMANCE

From entry-level vehicles to high-end performance cars, Deltec batteries provide reliable starting power that goes all the way through until the end of your ride.

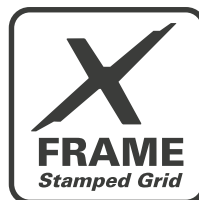

BENEFITS

- Long service life
- Reliable starting power
- Maintenance-free design
- Designed to withstand the harsh driving conditions in Australia

FEATURES

- The latest in full-framed stamped grid technology, our patented **X-Frame** design provides stable and powerful starting performance.
- With **High Durability Plate Technology**, micro-fibre is added to increase the durability of active mass, supplying stable and prolonged power supply.
- **Calcium+** - a highly pure, advanced lead-calcium-tin alloy technology features excellent prevention against corrosion, self-discharge, and electrolyte loss.

PERFORMANCE WHEN IT COUNTS
